

# AIRF v2.1 Competency Report

Candidate: Anugya Anantapur  
Role: game developer  
Date: 2025-11-18T02:25:56.064847  
**Final CIS: 46.12 / 100**  
Overall Score: 16.1

## Aspect Breakdown

Conceptual correctness: 4.6  
Reasoning depth: 3.35  
Precision grounding: 2.76  
Communication Clarity: 7.78  
Creativity/Insight: 5.29

## Malpractice & Risk

Flags: 50 Types: tab\_switch, no\_face\_detected  
Deduction: 30.0

## Human Summary

### Trajectory:

Anugya shows potential in communication but needs substantial development in core technical and problem-solving skills to advance in game development.

### Strength:

The candidate's top strength is Communication clarity with a score of 7.78, indicating effective conveying of ideas.

### Risk:

Major risks include severe malpractice (50 instances of tab switching and no face detected, leading to a 30-point deduction) and significant gaps in technical areas like precision grounding and reasoning depth.

### Recommendation:

Given the very low overall CCI and substantial malpractice flags, it is recommended to reject this candidate.
